## Dynamik Sports Floors Warranty

25 Year System and Installation Warranty

Dynamik are pleased to offer a 25 year warranty on all our area elastic sprung sports floor systems.

The warranty is our testament to the quality of individual components incorporated into our sports floor systems and the quality procedures we have introduced to ensure that all installations are carried out to a consistent high standard.

At all times we use components from the leading manufacturers in the sports market, including:

**HARO**

**MONDO**

**Tarkett**

The quality that we insist on and the resulting 25 year warranty is a key reason why Basketball England selected Dynamik to be their official flooring supplier and all our floor systems are Sport England compliant.

The Dynamik 25 year warranty provides a specifier with confidence in selecting a Dynamik sports floor and an end user with peace of mind.

The warranty is supported by a range of care and maintenance services including:

- Scrub & reseal
- Sand & reseal
- Line marking
- Floor protection

With any warranty there are of course obligations that the end user must fulfil.
