

Sports Flooring System DYNAMIK Komfort Elite Play Sprung Timber Sports and Activity Floor

DYNAMIK
The Sports Surfacing Specialist

Official Provider

The DYNAMIK Komfort Elite Play is a low profile sprung area elastic sports floor system. It is designed to be installed onto a level SR1 screed (+/- 3mm over 2m) and incorporates an engineered premium sports board.

The system consists of a comfort based elastic layer over which a load distribution board is installed prior to the engineered premium sports board. Consistent sports performance is guaranteed as every part of the surface is equally supported by the high density elastic layer.

Komfort Elite Play Benefits

- Meets the requirements of EN 14904
- Sport England compliant
- Ideal for overlaying existing surfaces
- Low construction height - ideal for refurbishment
- Complies with the latest ESFA specification
- Multi-activity and sport and dance
- 8 coats of factory finished lacquer-seal
- 25 year warranty
- Good acoustic reduction
- High comfort, ideal for lighter uses

Surface Finishes

The Komfort Elite Play engineered sports board is available in the European oak wood species:

European Oak
