Herculan by DYNAMIK Seamless Polyurethane Repair & Re-coating System

The DYNAMIK Polyurethane (PU) Repair & Re-coating System transforms your old scratched, damaged or worn sports floor, quickly and cost effectively making it as good as new.

This complete system guarantees adhesion and compatibility to the old existing surface seamlessly repairing hairline cracks, damage or old and used line marking. The Repair & Re-coating System extends the life span of the floor, avoiding a costly total re-fit expense, whilst reinstating the required slip resistance. New line markings complete the transformation and allow for any updating of court requirements.

Principle Features

Low Investment with a High Return – Provides a new self-leveling elastic prime layer and a new colour coating of your choice that extends the life span of the existing flooring without uplift and disposal.

Quick & Time Efficient – The full process from start to finish takes as little as 7 days.

Guaranteed to be as 'Good as New' - Slip resistance is 100% reinstated, with cracks, scratches and surface imperfections totally removed transforming your sports hall.

Colours – Available in a range of standard RAL colours creating a fresh modern appearance.

Full Warranty - A full compatibility warranty is provided with the PU Repair & Re-coating System.

The Sports Surfacing Specialist

Official Provider

Herculan by DYNAMIK Seamless Polyurethane Colour Coating Re-application

The DYNAMIK Polyurethane (PU) Colour Coating Re-application is a simple re-application of the Top Colour Coating.

This is an option when the playing surface has very low levels of damage, no surface scratches or cracks and can simply have a full chemical clean, degrease and colour coating re-application. Line marking can also be updated during this process.

Principle Features

Refresh & Renew - Provides a new colour coating of your choice whilst reinstating the required slip resistance.

Quick & Time Efficient - The full process from start to finish takes as little as 5 days.

Colours - Available in a range of standard RAL colours creating a fresh modern appearance.

Warranty - A warranty is provided for Colour Fastness, Product Quality and Slip Resistance.

Additional Refurbishment Options

Dynamik Bespoke Court Design - Totally individualise your facility.

Contrasting Court Surrounds or Zones - Transform courts into real 'show' pieces by emphasising areas.

Logos for Club & Facility Branding - Promote your Club or Facility branding with the application of unique logos.
