

The DYNAMIK Portable Timber Court provides the user with a high performance bespoke floor, suitable for Community use through to International level play, when a permanent floor is not available. The court is quick to assemble, durable and can be line marked as necessary.

### Portable Timber Court Benefits

- FIBA approved
- Class A4 floor under EN14904
- Fast and easy installation time
- Factory finished sports lacquer
- Clips into place

### Surface Finishes

The DYNAMIK Portable Timber Court is available in four different wood species.

Oak

Beech

Maple

Ash

### Line Marking

This portable court can be temporarily or permanently line marked, as required.
