

The DYNAMIK Portable Timber Court provides the user with a high performance bespoke floor, suitable for Community use through to International level play, when a permanent floor is not available. The court is quick to assemble, durable and can be line marked as necessary.

Portable Timber Court Benefits

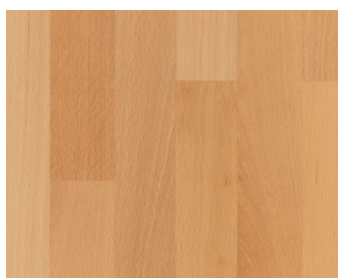

- FIBA approved
- Class A4 floor under EN14904
- Fast and easy installation time
- Factory finished sports lacquer
- Clips into place

Surface Finishes

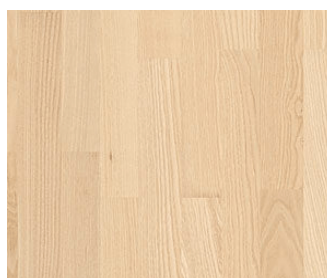

The DYNAMIK Portable Timber Court is available in four different wood species.

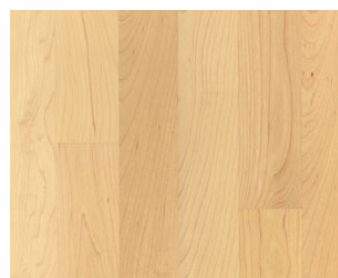

Oak

Beech

Maple

Ash

Line Marking

This portable court can be temporarily or permanently line marked, as required.
